# In creator, this screen lists Items for which details are provided by customer through portal

The screenshot displays the KentexCargo application interface. The top navigation bar includes the KentexCargo logo, user profile, and application settings. The left sidebar contains a menu with options like 'Incoming Package Items', 'Receiving Packages', 'Pending PO', 'Receiving PO', 'Shipping Sales Order', 'Packages SO', 'Container Details', 'Shipped Packages SO', 'User Registrations', 'Warehouses', 'Reports', 'Dashboard', and 'Sales Order'. The main content area is titled 'All Incoming Package Items' and features a table with columns for 'Mark as Received', 'Status', 'Tracking #', and 'Package description'. The table lists several items, all with a status of 'Received'. A detailed view of one item is shown on the right, displaying fields such as 'Mark as Received', 'Package description', 'Carrier', 'Tracking #', 'Status', 'Receiving Date', 'name', 'Email', 'Phone', 'City', 'County', 'Country', and 'Deliver To'.
